New Product Release!!

Sielox is proud to announce the release of Pinnacle™ 6, the first release since we adopted the Agile Methodology for software development.....taking quality and reliability of the software to today's highest standards.

The integration with the Aegis2 software package allows security systems such as CCTV, access control, alarm, DVR and intercom to be combined to form a truly integrated security system.

New Pinnacle Features include:

- Aegis2 Integration (DVR, CCTV, Intercom and Graphics)
- Support for X-LAN (Up to 32 doors per LAN connection)
- Card Holder Quick Entry Tab
- First Person Rule (Snow Day)
- Card ID Decimal Entry
- User Actions from the Event Grid
- Tree Find (Find Devices in the Device Tree)
- Easy Network Set-up (UDP / TCP) Selectable
- Updated Installation CDs
